# Production- or Logistics Employee

-----

Vitacress Real is one of the leading herbal specialists in Europe. With our young and fast growing company, our mission is to let people enjoy food with natural and healthy seasonings.

Herbs are grown all year round, in order to ensure that we can offer consistent quality throughout the year. We like to grow in places where the product grows in the most natural and sustainable way. That is why we grow in the Netherlands, Germany, England, Spain, Portugal and Kenya, among others. At our location in Venlo, these freshly grown herbs are then packaged for the European market and international consumers.

When you enter our building in Venlo you can taste the freshness and energy of Vitacress Real. You become infected with the passion for the product. Central to this are four values that can be felt by all colleagues. **We Grow, We Care, We Inspire and We Smile.**

## Logistics and Production

At Vitacress Real we are always looking for enthusiastic and motivated people for our logistics and production department. We work together with Covebo Venlo and the application procedure will therefore go via them.

Below you will read the different possibilities for working at our happy company Vitacress Real. Working at Vitacress Real means; pleasant colleagues, pleasant working conditions, daily a cup of fresh soup and a game of table tennis in the Greenhouse café. You will become a part of a young and rapidly growing organization.

## Production Employee ...

When you start your day you are happy to work with these young, innovative and fast-growing club of happy colleagues of which you are an important part of. You will work in 2 shifts that rotate every week. There is no work on Sunday.

## How your day at Vitacress Real looks like

Your work mainly consists of repetitive activities such as weighing and processing the fresh herbs. In addition, you will make preparations at the start of your shift, such as adjusting the weighing means. If necessary, sort and wash the fresh herbs and do all this standing at a table on the production line. Unfortunately, it is not possible to perform this work while sitting because the production tables are part of the production line.

Herbs that you will weigh will be for example; mint, parsley, thyme and sage. So you can assume that your working environment smells nice!
